

# World PCB Production Report for the Year 2016

September 2017

*Association Connecting Electronics Industries*

## TABLE OF CONTENTS

<b>Introduction</b> .....	1
<b>Overview of the PCB Industry in 2016</b>	
Economic Trends and Outlook .....	3
The Electronics Industry .....	4
The PCB Industry .....	4
Commodity Prices .....	7
Currency Fluctuations .....	8
<b>World Production of PCBs</b>	
Production Values by Category and Region .....	9
Top 10 PCB-Producing Countries .....	11
Production by Board Type .....	12
<b>PCB Production in the Asia/Pacific Region</b>	
Production Values by Category and Country .....	13
Production by Key Countries .....	15
Production by Board Type .....	16
Commentary on Asia .....	17
<b>PCB Production in Europe</b>	
Production Values by Category and Country .....	21
Production by Key Countries .....	23
Production by Board Type .....	24
Commentary on Europe .....	25
<b>PCB Production in the Middle East and Africa</b>	
Production Values by Category and Region .....	29
Production by Board Type and Commentary on the Middle East and Africa .....	30
<b>PCB Production in the Americas</b>	
Production Values by Category and Country .....	31
Production by Key Countries .....	33
Production by Board Type .....	34
Commentary on the Americas .....	35
<b>Special Report on High-Speed Data Communications</b> .....	37
<b>Historical Trends in Worldwide PCB Production</b>	
PCB Production Growth .....	45
Trends in Proportion of Flexible Circuits .....	46
Trends in Regional Shares of PCB Production .....	47
<b>Appendices</b>	
PCB Product Category Definitions .....	51
Exchange Rates .....	52
IPC Market Research Services .....	54
