Executive Director  
IPC

## Message from Executive Director

Dear Member,

IPC India is part of IPC, the Global Trade Association established in 1957 at USA representing all facets of the electronics manufacturing industry as members from 70+ countries. IPC is incorporated in India during 2010 as regional office & currently serving members in India, South Asia & Middle East Africa and is the leading source for industry standards, certification, skill training, global market report and providing networking platform for Indian, regional & global members.

Our mission at IPC has been to help the electronics industry to Build Electronics Better. We help SMEs, large & government organizations to achieve high-quality end product in the manufacturing process, maintain a competitive position and build capability in export market & supply chain.

As part of our ongoing commitment to support members in the region, "Events & Communication" Department of IPC India Regional Office is constantly developing "Monthly Newsletter" to share valuable information & knowledge. We request your feedback and inputs.

Thank you very much for your support.

## QUALITY RIGID PCB

Customisable PCB designs tailored to you

- UP-TO 64 LAYERS
- BOARD SIZE 1024x622
- HYBRID LAMINATION
- MIN THROUGH HOLE SIZE 6MIL & AR 25:1
- MIN LASER DRILL SIZE 3MIL & AR 1.2:1
- LINE WIDTH/SPACE 3MIL
- BACKDRILL STUB CONTROL
- EMBEDDED COPPER COIN

**Global Distributor for**

- Wire and Cable
- Heat-Shrinkable Tubing
- Moulded parts & Adhesives
- Devices, Connectors and Adapters
- EMI / EMC Filter Connectors
- Relays, Contactors and Switches
- Identification, Cable Management Components
- Passive Components
- Application Tooling
- Customized multicore cables

Headquartered in Thief River Falls, Minnesota, USA, DigiKey is recognized as the global leader and continuous innovator in the cutting-edge commerce distribution of electronic components and automation products worldwide. As an original pioneer in this space, DigiKey has been a key resource for engineers and procurement professionals for over 50 years. Today, DigiKey provides more than 15.3 million components from over 2,900 quality name-brand manufacturers with an industry-leading breadth and depth of product in stock and available for immediate shipment.

With a strong background of serving as a critical partner for companies around the world, DigiKey had humble beginnings in 1972 as a small mail-order company selling leftover parts for a digital electronic keyer kit (the Digi-Keyer). Today, the company is a multi-billion dollar company that employs more than 5,000 people globally, delivering an average of 25,000 orders per day to customers in 180+ countries around the world.

Here in India, DigiKey's Global Capability Centre (GCC) in Bengaluru is the first of its kind to be set up by the company. The GCC serves as an epicenter for technology and innovation for DigiKey's operations globally, supporting the organization in keeping pace with its suppliers' and customers' demands for services and innovation.

Our goal is to accelerate progress for every designer, buyer and builder with a wide variety of tools and digital solutions to make innovation easier. Beyond the products that drive technology innovation, DigiKey also delivers frictionless interactions to move people towards next-generation solutions, business growth and operational efficiency.

DigiKey continues to find creative ways to enhance its offerings and services to maintain high customer and supplier satisfaction. For example, we've invested in more robust and predictive web search functionality, higher inventory levels and increased automation in its warehouse, which all benefit customers by providing an easy and efficient research, shopping and delivery experience.

Our team members are always developing new ways to make it easier for customers to engage digitally, including localizing their experience in India and in markets around the world with local language, currency and support, as well as fast shipping times, in order to ensure a customized, positive experience for global customers.

We look forward to meeting with you at IPC 2024!

## Past Events

**DELHI - MAY 4**  
HAND SOLDERING COMPETITION

Congratulations! IPC Hand Soldering Competition was held on May 4 at New Delhi for Northern & Eastern India electronics industry members. Winner from Syrma SGS Technology Limited & runner up candidates from Exicom Tele Systems Limited & Barco Electronic Systems Private Limited

Thank you sponsors JBC Soldering Tools Advance Tech Services Pvt. Ltd. Japan Unix Co.,Ltd. OFFICIAL and supporters Automotive Skills Development Council - India Electronics Sector Skills Council Of India (ESSCI) Aerospace and Aviation Sector Skill Council Electronic Industries Association of India-ELCINA

**DUBAI - JUNE 1**  
TECHNICAL SESSION

IPC organized a technical session & industry networking event at Dubai UAE on June 1. Hand soldering repair rework are critical parts of electronics manufacturing and IPC will be supporting members in UAE & MiddleEast through workforce skill development programs and industry forums bringing end-users and suppliers in one platform.

**AUSTRALIA - JUNE 19-20**  
HAND SOLDERING COMPETITION

Congratulations! IPC Hand Soldering Competition was held with support from SMCBA at Sydney Australia Electronics Design & Assembly Expo on June 19-20. Jefferson from Oritech Pty Ltd - Winner & runner up Rodrigo from Sigma Delta Services. Winner will participate at IPC World Competition at Munich, Germany during November.

**BANGALORE - JUNE 28**  
HAND SOLDERING COMPETITION

Congratulations! IPC Hand Soldering Competition was held at Aerospace and Aviation Sector Skill Council Bengaluru on June 28 for Southern India members in electronics industry. Winner from Syrma SGS Technology Limited Bengaluru & runner up candidate from Cyient DLM Limited, Mysore.
