IPC Skill Training/Certification

January - March

Past Activities

COCHIN & THIRUVANANTHAPURAM - OCT 17 & 18
TECHNICAL SESSION

IPC organized an Industry Networking event and a Hand Soldering technical Workshop in Thiruvananthapuram and Cochin, Kerala. The state of Kerala boasts world-class R&D and testing facilities to support the electronics industry, with a strong presence of Electronics Manufacturing Services (EMS) serving the Strategic Electronics sector.

DURBAN, SOUTH AFRICA - OCT 21
TECHNICAL SESSION

IPC 1st workforce development program organized in Durban, South Africa. 20 professionals from OEM & EMS companies attended the hand soldering technical course.

CAPE TOWN, SOUTH AFRICA - OCT 21
TECHNICAL SESSION

IPC Industry Networking & Technical Session on Hand Soldering in Cape Town, South Africa on October 23

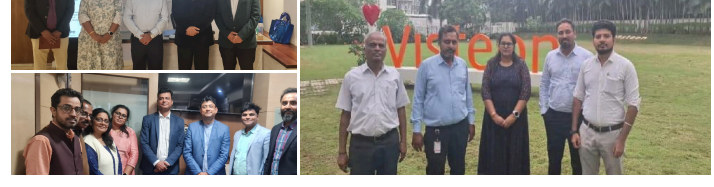

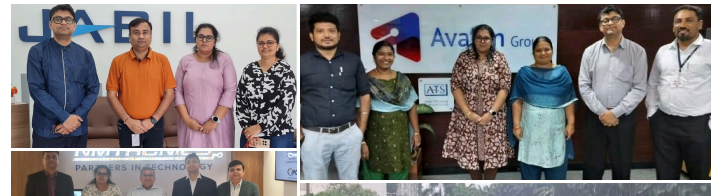

JOHANNESBURG, SOUTH AFRICA - OCT 25
TECHNICAL SESSION

IPC Industry Networking & Technical Session on Hand Soldering, supported by Priben Distributions Cc, held in Johannesburg, South Africa on October 25

VIZAG - OCT 25
TECHNICAL SESSION

IPC Industry Networking & Technical Session on Hand Soldering, supported by AMTZ, held in Vizag on October 25

The IPC team in India conducted visits to Chennai, Pune, and New Delhi, to engage with members and address the increasing demand for training and education in the electronics manufacturing sector. As a result, plans are underway to launch skill development centres by 2025.

Viksit Bharat Excellence Awards 2025

Location: New Delhi

Supported By

IPC is proud to support CIMEI in hosting the **Viksit Bharat Excellence Awards 2025** on the successful completion of 10 years of the 'Make in India' initiative launched globally in September 2014 by the Hon'ble Prime Minister of India as a part of India's renewed focus on Manufacturing. **The objective** of the initiative is to promote India as the most preferred global manufacturing destination. This set of awards honours the MII Ambassadors who committed themselves to the **'Make in India' Mission of the Hon'ble Prime Minister of India.**

There are 7 categories and sub-categories of the 7 categories, focused on **Automotive Electronics, Top Manufacturing with best practices, Cyber Security, Individual Category, Manufacturing Icon, Special Manufacturing - EV, and Skill Development.**

"Electronics Beyond Boundaries - Strategic Growth Together for a Sustainable Future"

Monitoring the Pulse of the Global Electronics Industry

IPC's November 2024 Global Sentiment Report highlights mixed industry dynamics: modest improvements in demand and shipments are tempered by record-low backlog levels and rising material costs. A concerning gap in workforce AI training is also revealed, with 69% of respondents citing its importance but only 11% investing in it, underscoring a critical area for future development.

→

IPC's new white paper, AI-based Data Centers for the United States: Technologies, Supply Chains, and Resiliency Gaps, outlines key strategies to enhance U.S. PCB assembly capabilities and supply chain resilience, emphasizing the need for government investment in critical infrastructure for next-generation AI server manufacturing.
